MEETING DATE

Kitsap Adventist School –, 17 Dec 6:30 pm, 5088 NW Taylor Rd. Bremerton, WA

Notice: Christmas is coming and So is our Party

Remember to mark your calendar for our Christmas party on **December 17th at 6:30 pm**. We will begin set up at 5:00 pm. Bring your favorite desert, snack, salad, vegetable tray or other potluck item and celebrate the holiday season with other members of our turning club.

Members with last names starting with A thru L bring hors d'oeuvres or a pot-luck item and those with M thru Z bring a salad or dessert. The club will be providing the roast beast.

We will also have a table set up for members to bring in and display their work so other members and their families can see and admire the talents of our club.

We again have some great sponsors that have provided Gifts for the give-away, so when you the winners use your gift certificate or receive one of the other gifts be sure to thank the sponsor or donor for supporting our club

President's Message

Wow! Another year is coming to a close. It was a great year for the club, except for the loss of a few dear members and supporters. We improved our demonstration system and made great use of them with excellent demonstrations. Your great participation in both the wood auction and the "show and tell" table just added to the experience. Opportunities to share, to learn, and to get more wood; what else could a woodturner ask for? The best part is that I think the club is set up to do even better this coming year. Our membership is strong and growing, and you have an experienced board ready to take over.

I hope you will join the rest of us and come to the Holiday meeting. See Tony's message for the particulars. For those of you who don't come, you are missing a great event, but I'd like to extend my best wishes for a great Holiday season, and a year full of great turning experiences.

It's been fun being your president, but I'm looking forward to being in the rank and file.

MENTORING PROGRAM

We are looking for some new mentors. The folks who are currently doing the great service have been doing it for a long time. George Kromka has stepped up to the plate but based on what I see every month at the show and tell table there could be a lot more. See any of the board officers if you are interested.

The mentoring programs has been set up to answer questions and give help to new members and those whom may be having a problem in a specific area. Although not intended to be free lessons in woodturning (many of those volunteering are professional turners and derive their income from turning and teaching), these are some friendly folks willing to give you a point in the right direction.
